

## Lesson 2A: ce, ci, cy

Latin roots	cent = 100 pos = put, place	ped = foot cept = take	meter = measure
-------------	--------------------------------	---------------------------	-----------------

### Words to Spell and Read

1.	concentrate	concentrated	concentration	centimeter
2.	centipede	excite	excitement	excitedly
3.	except	exception	exceptional	accept
4.	acceptable	concept	deception	intercept
5.	noticeable	unnoticed	practice	practically
6.	impractical	pose	position	expose
7.	exposition	compose	composition	composer
8.	decompose	decomposition	propose	proposal

### Review Words

9.	misstatement	unmistakable	unashamed	incomplete
10.	declined	promoted	reclining	recliner

### Challenge Words *What do these words mean?*

11.	predecessor	centennial	bicentennial	existence
12.	persevere	perseverance	nonadjacent	incapacitate
13.	translucent	disposition	precipice	unreceptive
14.	specimen	recede	concise	reciprocal

#### The "Real Rules"

- The markers e, i, and y make the c say /s/.
- Throw away the extra marker when adding a suffix.
- Throw away the marker when adding a suffix that begins with a or o (-able and al) unless you need the marker.

**Lesson 2A**

Name \_\_\_\_\_

Add suffixes and prefixes. Write the words in the boxes. Read the words.

Base Word	Add: un- and -ed	Add: un- and - able
accept		
Base Word	Add: im- and -al	Add: -al + -ly
practice		
Base Word	Add: -i and -tion	Add: -ing
compose		
decompose		

Read the meanings. What word does it define? Write the word in the blank.

- put together music or art \_\_\_\_\_
- focus attention \_\_\_\_\_
- put forward a plan \_\_\_\_\_
- receive something \_\_\_\_\_
- to get rotten \_\_\_\_\_
- more than ordinary \_\_\_\_\_

Sample Pages

- propose
- accept
- compose
- decompose
- concentrate
- practical
- exceptional

What do these prefixes mean? Write the correct prefix under the definition.

com-    pro-    re-    un-

with, together

again, back

for, support

not, opposite of

Matching. Draw a line from the Latin root to its meaning.

meter	100	pose	place, put
cent	lean	plete	move
cline	measure	mot	fill

## Lesson 2B: ce, ci, cy

Latin roots	cent = 100 pos = put, place	ped = foot cept = take	meter = measure
-------------	--------------------------------	---------------------------	-----------------

### Words to Spell and Read

- |    |               |               |               |             |
|----|---------------|---------------|---------------|-------------|
| 1. | centimeter    | centipede     | excitable     | acceptable  |
| 2. | unacceptable  | exception     | exceptionally | concept     |
| 3. | misconception | preconception | intercept     | deceptive   |
| 4. | deceptiveness | inception     | receptionist  | unreceptive |
| 5. | unnoticed     | noticeably    | practically   | impractical |
| 6. | pose          | disposition   | composition   | proposal    |
| 7. | proposition   | imposition    | imposition    | decompose   |
| 8. | decomposition | expose        | exposition    | transpose   |

### Review Words

- |     |              |              |            |          |
|-----|--------------|--------------|------------|----------|
| 9.  | unmistakably | misstatement | incomplete | replete  |
| 10. | depleted     | demoted      | remotely   | inclined |

### Challenge Words *What do these words mean?*

- |     |             |                |               |              |
|-----|-------------|----------------|---------------|--------------|
| 11. | predecessor | presupposition | juxtaposition | accentuated  |
| 12. | susceptible | inaccessible   | bicentennial  | perseverance |
| 13. | nonadjacent | precipice      | translucent   | incessant    |
| 14. | specimen    | facetious      | vacillate     | precipitous  |

#### The “Real Rules”

- The markers e, i, and y make the c say /s/.
- Throw away the extra marker when adding a suffix.
- Throw away the marker when adding a suffix that begins with a or o (-able and al) unless you need the marker.

**Lesson 2B**

Name \_\_\_\_\_

**Add suffixes and prefixes. Write the words in the boxes. Read the words.**

Base Word	Add: un- and -ed	Add: -able + -ly
notice		
Base Word	Add: im- and -al	Add: -al + -ly
practice		
Base Word	Add: -i and -tion	Add: -ing
decompose		
propose		

**Read the meanings. What word does it define? Write the word in the blank.**

- put together music or art \_\_\_\_\_
- focus attention \_\_\_\_\_
- a suggested plan \_\_\_\_\_
- force something on others \_\_\_\_\_
- to get rotten \_\_\_\_\_
- more than ordinary \_\_\_\_\_

Sample Pages

- proposal
- impose
- compose
- decompose
- concentrate
- practical
- exceptional

**What do these prefixes mean? Write the correct prefix under the definition.**

com-    pro-    re-    un-

with, together

again, back

for, support

not, opposite of

**Matching. Draw a line from the Latin root to its meaning.**

meter	100	pose	place, put
cent	lean	plete	move
cline	measure	mot	fill

## Lesson 2

Name \_\_\_\_\_

### Build-A-Word

Write the new words using the Latin root *pose* which means "put or place." Many of these words also have different forms such as *compose*, *compost*, *composite*, *composition*. What do these new words mean?

<b>com + pose =</b>	<b>Compose</b> <i>put together, create</i>
<b>de + com + pose =</b>	<i>stop being put together; take apart</i>
<b>re + pose =</b>	<i>put back, lie back</i>
<b>sup + pose =</b>	<i>put as a possibility; to put as an opinion</i>
<b>de + pose =</b>	<i>put down, take completely away</i>
<b>im + pose =</b>	<i>put your needs above others</i>
<b>super + im + pose =</b>	<i>put down on top of something; attach</i>
<b>ex + pose =</b>	<i>put out for others to see</i>
<b>over + ex + pose =</b>	<i>put out for others to see too much</i>
<b>under + ex + pose =</b>	<i>put out for others to see but not enough</i>
<b>dis + pose =</b>	<i>put away</i>
<b>pre + dis + pose =</b>	<i>put aside beforehand;</i>
<b>pro + pose =</b>	<i>put forth, suggest</i>
<b>op + pose =</b>	<i>place against</i>
<b>pur + pose =</b>	<i>put forth as an end; reason something is done</i>
<b>justa + pose =</b>	<i>put side by side in order to compare</i>
<b>trans + pose =</b>	<i>put in a different place; to reverse order</i>
